

HEALTHCARE REPUTATION MANAGEMENT

You make patients happy.
We make sure everyone knows about it.

Transform patient feedback into sustainable growth for your practice with rater8's automated, HIPAA-compliant reputation management solution, built specifically for healthcare.

Monitor Your Reputation

Know what patients are saying before it impacts your practice. Take control of your online image with healthcare-specific insights into your practice's reputation and local standing.

Grow Your Reputation

Amplify patient voices to grow your practice. Attract new patients and referrals with a stronger reputation, and watch your practice grow.

Optimize Your Reputation

Transform patient feedback into practice growth. Gain actionable insights to elevate service quality and strengthen your reputation as a top healthcare provider and employer.

integrations with EHRs

“ Since adopting rater8, our numbers have increased significantly and continue to grow. New providers are able to hit the ground running, and they love being able to see their review growth and patient feedback in one place.

Johnny Thompkins

Director of IT & Implementation
Sports Medicine & Orthopaedic Center

Drive Sustainable Growth with rater8

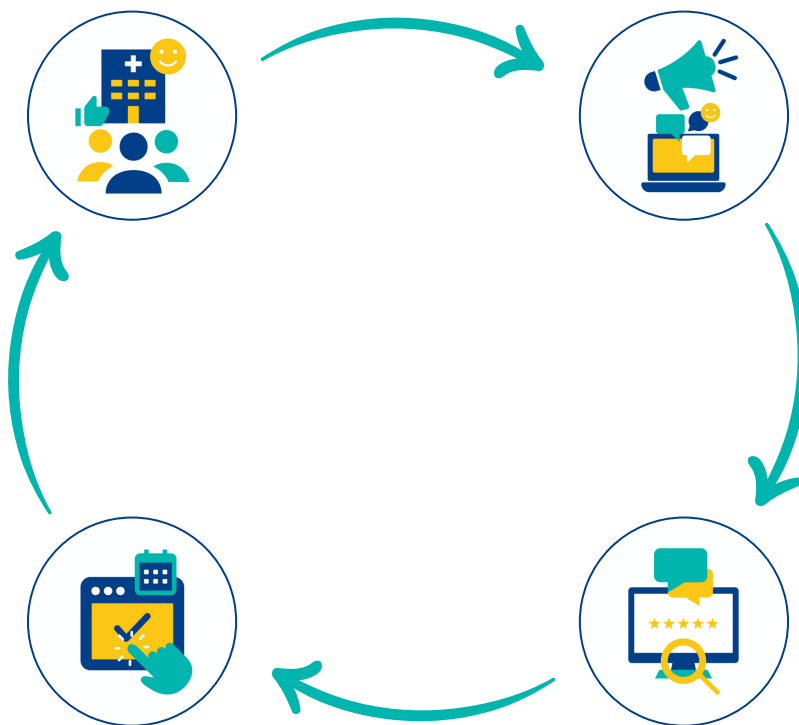

A modern reputation strategy hits all the major growth levers. rater8 turns patient feedback into a growth engine, one review and one patient at a time.

Visibility

Show up where it matters most with trusted, keyword-rich reviews that guide AI and search engines to your doorstep, helping you **acquire more patients.**

Credibility

Expand your services and reach with confidence by building credibility fast with authentic, verified reviews that shine a light on what makes your practice different and *worth* choosing.

Culture

Scale with ease by retaining patients and staff. Boost morale and strengthen culture with feedback that helps guide improvements to make your practice a great place to work.

Efficiency

Listen, learn, and improve with actionable insights from real-time patient feedback that reveals what's working, what's not, and how to **reduce friction and administrative overhead.**

Take Control

We give healthcare organizations the power to own the narrative about their practice across the web, allowing them to attract the patients and employees they need to make their organizations a success.

The Future of Search is AI

Our goal is to help healthcare organizations future-proof their reputations as they weather the impacts of AI-generated overviews and chat results and the ongoing fragmentation of patient search.
